Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 32"x19"x9"

UDR3219 (1-3/4)
Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 32"x19"x9"

USR3219
Undermount Single Bowl
Stainless Steel Kitchen Sink
Overall Size: 32"x19"x9"

TDR5221
Top Mount Double Bowl with Drain Board
Stainless Steel Kitchen Sink
Overall Size: 51.5"x21"x8"

USR2318
Undermount Single Bowl
Stainless Steel Kitchen Sink
Overall Size: 23"x18"x9"

fluid™

High quality fluid™ sinks are formed of 18 gauge (1.2 mm) type 304 stainless steel material and undercoated together with rubber pads for noise reduction. All fluid sinks have been tested and certified by IAPMO. All sinks include stainless steel sink strainers.

Fluid Point 90° angle sinks

ASA3321
Single Bowl with Apron
Stainless Steel Kitchen Sink
Overall Size: 33"x21"x10"

ASC1818-x
Single Bowl
Stainless Steel Lavatory Sink
Overall Size: 18"x18"x5"

US1520 (9")
Undermount Single Bowl
Stainless Steel Kitchen Sink
Overall Size: 20"x15"x9"

Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 29"x20"x9"

UD2920 (9")
Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 29"x20"x9"

US2318-B
Undermount Single Bowl
Stainless Steel Kitchen Sink
Overall Size: 23"x18"x9"

UD3320 (9")
Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 33"x20"x9"

UD3720 (9")
Undermount Double Bowl
Stainless Steel Kitchen Sink
Overall Size: 37"x20"x9"

US3219 (9")
Undermount Single Bowl
Stainless Steel Kitchen Sink
Overall Size: 32"x19"x9"

TS4019
Top Mount Single Bowl with Drain Board
Stainless Steel Kitchen Sink
Overall Size: 39.5"x18.5"x7.5"

UDR3218S
Undermount Double Bowl with Rim
Stainless Steel Kitchen Sink
Overall Size: 32"x18"x10"

fluid™

When it comes to sinks, fluid's form is function.

Today's interior living spaces are designed to bring family and friends together, and the crossroads of activity is often the kitchen.

Fluid sinks harmonize form and function, rising above the mundane with style and design suited to the contemporary environment. Performance features include heatproof materials and easy to clean hygienic surfaces.

In the tradition of Fluid design innovation, our sinks are handcrafted and machined to perfection. Visually compelling, the square design enables maximum efficiency of sink and counter space. This engineering concept also factors rear-positioned drains to maximize the under-counter footprint.

Using the highest quality stainless steel, we manufacture our products to limit environmental impact. With distribution centers throughout North America, interior designers, architects and developers can specify Fluid sinks with confidence; assured of availability and timely delivery. When it comes to design, performance and reliability, we've thought of everything – including the kitchen sink.

Visit our website at fluidsinks.com to view our complete range of sinks and fixtures.
